Re: Approved Installer PSP Alpolic /FR Cladding System

---

I am pleased to confirm that Symonite are an approved Installer for the PSP Alpolic/FR Cladding System.

This certification is subject to the following conditions:

1. All installations must be carried out as per the scope of the CodeMark Certification CMA-CM40075
2. The installation method must be as per the CodeMark Certification CMA- CM40075 and the current PSP technical details.
3. It is the responsibility of the Approved Installer to ensure that they have the most up to date installation details.
4. Any variations will not be warranted by PSP Limited and any installations which do not meet or comply with the above requirements will void Approved Installer Status.
5. All work as an approved installer of the PSP Cladding system must be completed in a tradesman like manner and must comply with requirements of current legislation and the NZBC in all respects.
6. PSP Limited reserve the right to revoke Approved Installer Status at any time.

Yours faithfully,

**Alisa Bennett**
