

InnoCeil

InnoCeil

INNOWOOD ceiling systems offer the ideal ceiling solution for any commercial or residential application. Not only do they create instant sophistication as an architectural feature, but they also have a high acoustic performance rating for the ultimate sound quality and external noise reduction capabilities.

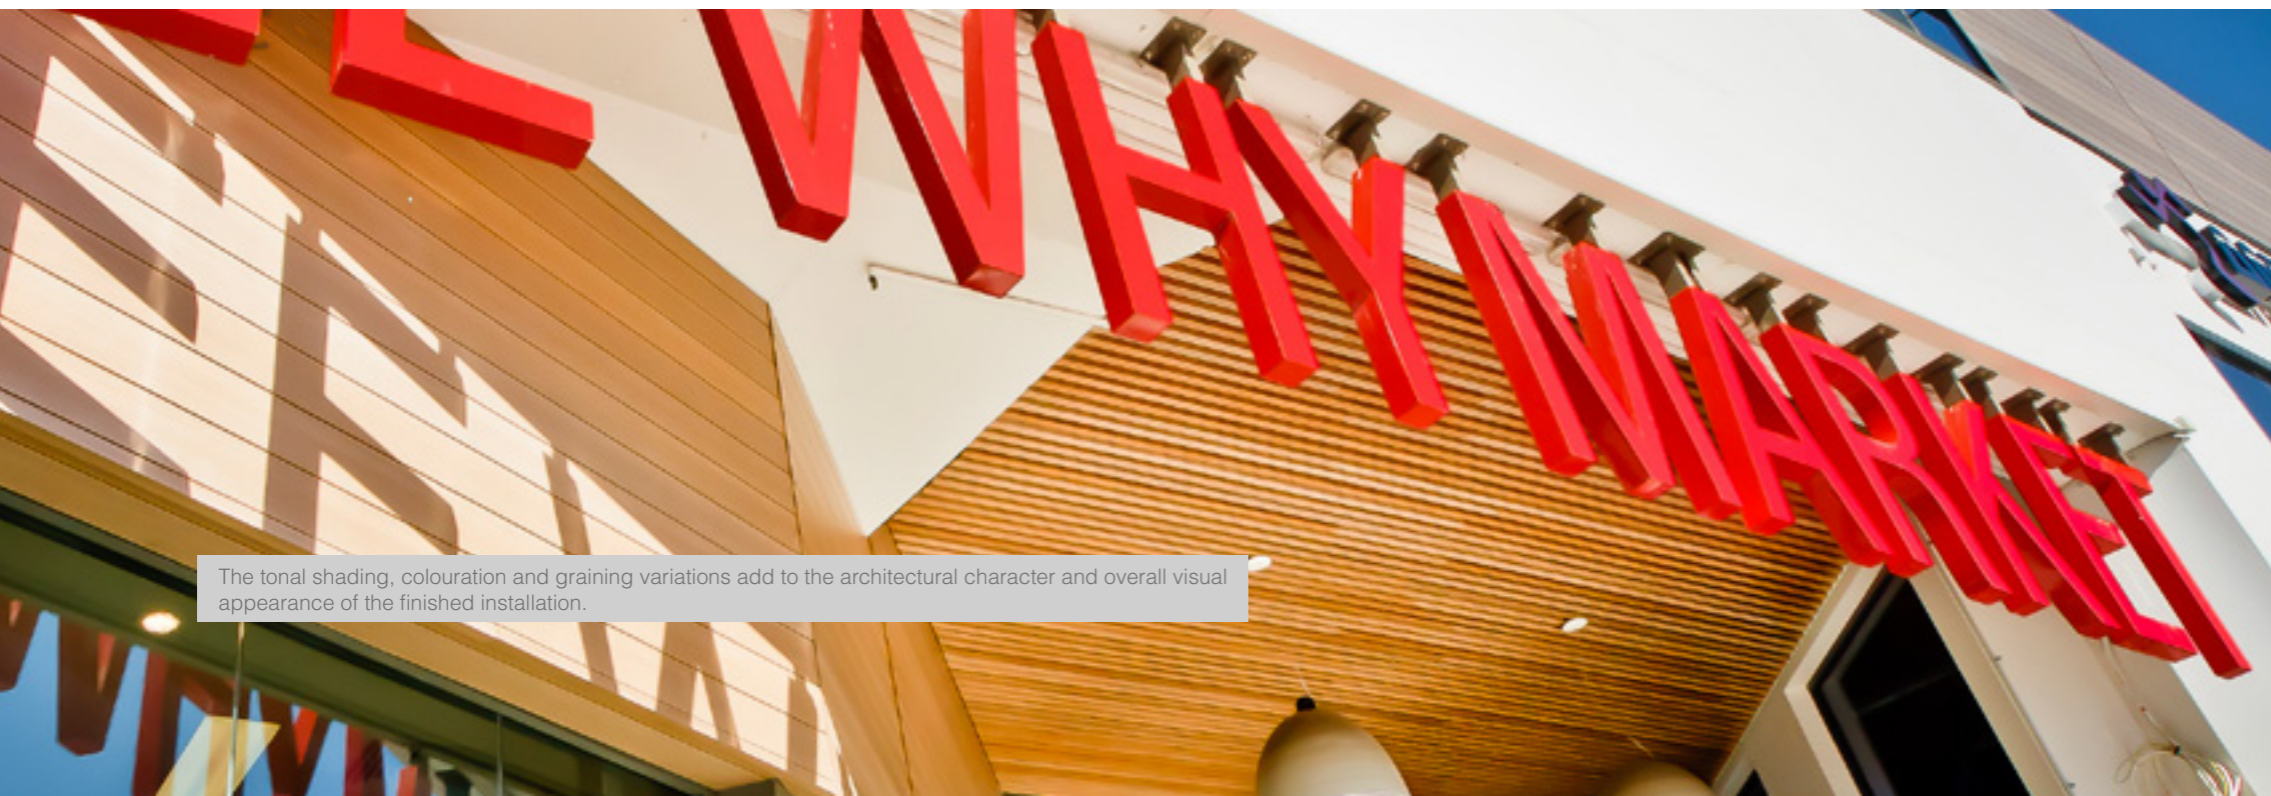

INNOWOOD ceiling systems come with your choice of hidden fixing systems, concealed clip fixing systems or suspended grid fixing systems

- c** **concealed clip**
Concealed stainless steel connectors are an easy to install fixing option that achieves an aesthetically pleasing and consistent shadow line.
- s** **shiplap**
Based on a traditional tongue and groove design, shiplap ceiling systems create a clean finish without any visible fixings.

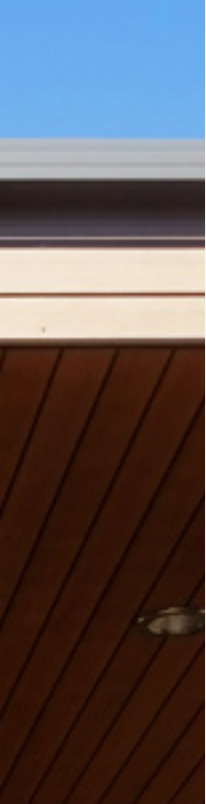

profile							
section							
code	CL14025	CL16728	CL20420	CL13006	CL17012	FS05516	FS06516
coverage	140mm	148mm	195mm	128mm	170mm	16mm	16mm
internal span*	450mm	450mm	450mm	450mm	450mm	450mm	450mm
soffit span*	300mm	300mm	300mm	300mm	300mm	300mm	300mm
system	c	s	s	s	s	t	t

* Guide only, span based on non reinforced section and is dependent on region and wind load.

The tonal shading, colouration and graining variations add to the architectural character and overall visual appearance of the finished installation.

slatted ceiling system

t Slatted ceiling systems produce clean straight slat lines from solid profiles with coverage as small as 16mm and spacing to suit any design.

suspended grid

g Secured at a set pitch, the lightweight suspended grid system is perfect for areas where loads are critical.
